Alberto José Pérez Faria

Senior Frontend Developer · Madrid, Spain · remote

albertojpf.vercel.app linkedin.com/in/albertojpf github.com/albertoperezf stackoverflow.com/users/6450931

I'm Alberto, a frontend developer with 11+ years of experience turning complex products into clear, fast and inclusive interfaces with React, TypeScript and Next.js. Today I work at Cognizant on Ranking, an internal web application of the Inditex Group.

SKILLS

Languages & frameworks: TypeScript, JavaScript, React, Next.js, Redux, Zustand, Node.js, Express, HTML, CSS, Sass, Tailwind CSS, Styled Components

Data: REST, GraphQL, PostgreSQL, Drizzle ORM

Testing & quality: Jest, Vitest, React Testing Library, Playwright, axe, Lighthouse CI, ESLint, Prettier

Tooling: Git, GitHub Actions, Jenkins, Webpack, Turbopack, npm, Vercel

Practices: Accessibility (WCAG 2.2), Web performance, Internationalisation, Scrum & Kanban, AI-assisted development (Claude)

EXPERIENCE

Cognizant — Madrid, Spain (remote)
Senior Frontend Developer — Dec 2023 – Present

New features and maintenance for Ranking, a data-heavy internal web application of the Inditex Group: dense data views, complex filters, exports, and performance and accessibility improvements.

TypeScript · React · Redux · Sass · Jest · React Testing Library · GraphQL · REST · Webpack

GFT Group — Madrid, Spain
Senior Frontend Developer — Apr 2020 – Dec 2023
Frontend Developer — May 2019 – Mar 2020

React and Redux web applications for banking (Bankia, DBS, JP Morgan Chase) and real estate (FirstKey Homes) clients in Spain, Singapore and the USA, helping them through their digital transformation.

TypeScript · React · Redux · Zustand · Next.js · Express · Ant Design · Styled Components · Jest

MedLab Media Group — Las Rozas, Madrid, Spain
Project Manager & Scrum lead — Aug 2017 – Apr 2019
Frontend Developer — Mar 2017 – Apr 2019

New features and maintenance for medlab.email, a platform for the healthcare sector. I also ran the team's Scrum process: dailies, retrospectives and demos.

React · Redux · Flow · Meteor · GraphQL · PostCSS · Jest · Webpack

Easylife — Remote
Frontend Developer — Oct 2016 – Mar 2017

Interfaces and features for "Easylife", a hybrid mobile app for the commerce sector in the Colombian market.

Ionic · AngularJS · Sass

Tsserapp — Cabimas, Venezuela
Frontend Developer — Apr 2016 – Sep 2016

On-demand web projects built with AngularJS in a Scrum team.

AngularJS · Sass · Bootstrap · Grunt

Freelance — Venezuela
Frontend Developer — Jan 2015 – Mar 2017

Web (AngularJS, Bootstrap) and hybrid mobile (Ionic) applications for different clients.

EARLIER EXPERIENCE

El Catabre — Maracaibo, Venezuela
Systems Analyst — Feb 2016 – Mar 2016

Energing Gas y Electricidad C.A. — Maracaibo, Venezuela
Support Engineer — May 2015 – Feb 2016
